“Queensland Identification and Development Program”

The 2010 Sabot Development Camp is part of the Queensland Identification and Development Program.

The **QIDP** is developed to enable all junior and youth sailors to attend training camps and have the potential to be identified as an up and coming sailor by Queensland Development Sailing Team (**QDST**) and Queensland Sailing Team (**QST**) coaches and talent identifiers. The aim is to get a QDST and/or QST coaches to programmed training camps and priority regattas through out QLD to help junior and youth sailors develop and progress through the sport of sailing. Developing growth is major goal and a hopeful by product of the QIDP, the QDST and QST.
